Tenants, Your Opinions Really Matter.

TPAS Scotland understand that tenants and organisations have different requirements & different issues. We know that not one size fits all. We have created Tenant Voice Scotland to enable all tenants to share their thoughts, ideas and opinions to help to influence and inform our partner organisations such as tenants groups, landlords, the SHR, Scottish Government and the Tenant Regional Network

Tenant Voice Scotland will give tenants their say on the things that matter most. It's simple to share your thoughts through Tenant Voice Scotland.

We will share the survey report on our website, through social media and with our partner organization such as tenants groups, landlords, the Scottish Housing Regulator, Scottish Government and the Tenant Regional Network.

The first survey will be sent to you in July.

At the moment membership is only open to tenants who can access our online survey.

Who will receive information?

A summary of all the answers collated in the surveys will be shared with you, landlords, Scottish Government and the Scottish Regulator.

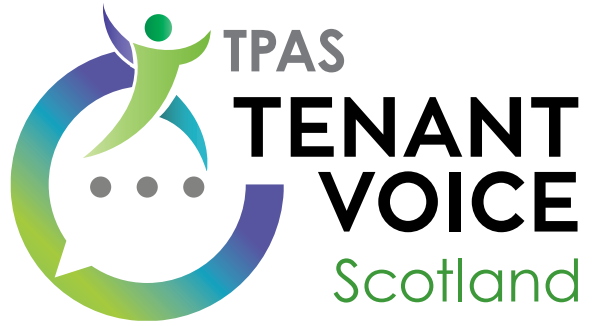

This information will be used as tenant consultation to shape legislation, influence policies and consult on proposed changes on housing policy to make it safer, fairer and tenant focused.

Thank You!

As a thank you for signing up we are giving everyone who joins a voucher for £10!

It must be a voucher which can be bought and used online – we want to keep you and our team safe!

You can also donate your £10 to a charity of your choice.
